Clarkdale Staff Report

PROCLAMATION

Supporting Increased Awareness Relating to Human Trafficking

Whereas, human trafficking is a modern-day form of slavery involving the illegal trade of people for exploitation or commercial gain; and

Whereas, every year, millions of men, women and children are trafficked in countries around the world, including the United States; and

Whereas, it is estimated that human trafficking generates billions of dollars of profit per year, second only to drug trafficking as the most profitable form of transnational crime; and

Whereas, human trafficking is a hidden crime as victims rarely come forward to seek help because of language barriers, fear of the traffickers, and/or fear of law enforcement; and

Whereas, traffickers use force, fraud, or coercion to lure their victims and force them into labor or commercial sexual exploitation. They look for people who are susceptible for a variety of reasons, including psychological or emotional vulnerability, economic hardship, lack of a social safety net, natural disasters, or political instability. The trauma caused by the traffickers can be so great that many may not identify themselves as victims or ask for help, even in highly public settings; and

Whereas, the United States Senate designated January 11th as National Human Trafficking Awareness Day and other organizations have designated January as Human Trafficking Awareness Month; and

Whereas, the Town of Chino Valley is supportive of the many efforts underway in Yavapai County, including the production of the Nursery Rhymes music video, to bring awareness to the issue of human trafficking.

Now, Therefore, I, Chris Marley, Mayor of the Town of Chino Valley, do hereby proclaim the Town of Chino Valley's support for increasing awareness of human trafficking.

In Witness Whereof, I have hereunto set my hand and caused the Seal of the Town of Chino Valley to be affixed this 9th day of February, 2016.

Staff Report

Agenda Item: **Human Trafficking Awareness** – Approval of a proclamation supporting increased awareness relating to human trafficking.

Staff Contact:

Meeting Date: January 26, 2016

Background: As you may have heard, there is a public awareness/educational project underway in Yavapai County called the Nursery Rhymes Video project with a goal to raise awareness on the issue of human trafficking. The unfortunate reality is that human trafficking exists in every country of the world, including the United States. The U.S. Department of Homeland Security has named Arizona as one of the highest risk states for human trafficking, and we have incidents of human trafficking here in our Yavapai County communities. While many are under the misconception that human trafficking victims are only foreign born and those who are poor, the fact is that human trafficking victims can be any age, race, gender, or nationality and they come from all socioeconomic groups.

The Nursery Rhymes Video project was born out of a song that was written by Scott Mabery, the Director of Juvenile Court Services for Yavapai County. After the kids in the Yavapai County Juvenile Justice Center sang the song in a music therapy session with Scott, the staff members of the Juvenile Justice Center felt that there was a place for the song in raising awareness on the issue of human trafficking. While there are numerous forms of human trafficking, the Nursery Rhymes Video will focus on sex trafficking of the youth of our communities. As word of the project began to gain statewide attention, more and more interest was expressed in getting the music produced and developing a video to assist with public awareness on the issue.

An incredible team of local professionals and community members has come together around the cause, and is working collaboratively to produce the song and shoot the video. Music production began in 2015 and the first scenes of the video began shooting in late December. With the support of our business community, local citizens and several cities and towns, all of the music production and video scenes are taking place in Yavapai County. With several scenes to be shot in January, 2016, the “grand finale” of the video shoot will occur on the steps of the Yavapai County Juvenile Justice Center in Prescott on February 20, 2016. Our goal is to have the video ready for use in April, 2016, which coincides with Child Abuse Prevention Month.

As a show of unity and support for this incredibly important cause, we would be grateful if the Town of Chino Valley would lend its support to our project. Those agencies that choose to sign a Declaration of Support or a Proclamation will be recognized on the Facebook page entitled “Nursery Rhymes Video”. In addition, agencies that provide in-kind or other resources for the project will be listed in the credits at the end of the video.

Finally, we invite the members of the Chino Valley Town Council, the Chino Valley Police Department and others from your organization to be part of the filming of the “grand finale” of the video on Saturday, February 20th, at the Juvenile Justice Center at 1100 Prescott Lakes Parkway in Prescott. This particular scene will symbolize the community coming together to support victims of human trafficking. We anticipate 300 to 500 community members being part of this scene of the video. Although timing is subject to adjustment, those who do participate will need to plan to be on-scene from approximately 10am – 4pm. Agencies that send representatives to participate in this scene are considered in-kind contributors.

This is a great opportunity for us to come together in an effort to shed light on the issue of human trafficking. We also want those involved in this trade to understand that Yavapai County has strong support and is a united front against human trafficking in our communities.

For more information about the project, feel free to contact Scott Mabery at (928) 442-5676 or email Smabery@courts.az.gov

AGENDA ITEM TITLE:

Presentation for Chino Valley voters regarding the Presidential Preference Election on March 22, 2016 and the November 8, 2016 General Election. (Jami Lewis, Town Clerk)

SITUATION & ANALYSIS:

Staff will present some information regarding 2016 elections as follows:

- Presidential Preference Election (PPE): The Citizens' Clean Elections offices have created a short, simple video to educate Arizona residents about the upcoming PPE on March 22, 2016. As voter registration for this election closes on February 22, staff will present this video to inform our voters about the PPE in general and how those registered as "Independent" or "Other" can vote in the PPE. The PPE video may be viewed online at <http://www.azcleanelections.gov/en/presidential-preference-election>
- Vote Centers: As elections this year will *not* be vote-by-mail, voters may request an early ballot, or register for the County's Permanent Early Voting List (PEVL), which results in voters receiving an early ballot automatically.
- Clean Elections Candidate Pamphlet changes: The large newsprint pamphlet distributed by the Clean Elections Commission will no longer include information about all candidates statewide. They will, this year, only contain each district's candidates, reducing the size from 200+ pages to about 50.
- Clean Elections App: Clean Elections is working on an app to assist voters, one feature of which will give voters hourly wait times at vote centers.

DRAFT

MINUTES OF THE STUDY SESSION OF THE TOWN COUNCIL OF THE TOWN OF CHINO VALLEY

**TUESDAY, JANUARY 19, 2016
6:00 P.M.**

The Town Council of the Town of Chino Valley, Arizona, met for a Study Session in the Chino Valley Council Chambers, located at 202 N. State Route 89, Chino Valley, Arizona, on Tuesday, January 19, 2016.

Present: Mayor Chris Marley; Vice-Mayor Darryl Croft; Councilmember Mike Best; Councilmember Susie Cuka; Councilmember Jack Miller; Councilmember Corey Mendoza

Absent: Councilmember Lon Turner

Staff Town Manager Robert Smith; Assistant Town Manager Cecilia Grittmann; Town Attorney Phyllis

Present: Smiley; Finance Director Joe Duffy; Assistant Public Works Director/Town Engineer Michael Lopez; Development Services Director Ruth Mayday; I.T. Specialist Spencer Guest (Videographer); Town Clerk Assistant Amy Pyeatt-Lansa; Town Clerk Jami Lewis (recorder)

1) CALL TO ORDER; ROLL CALL

Mayor Marley called the meeting to order at 6:02 p.m.

2) Discussion regarding proposed amendments to the UDO further regulating the manner and placement of Medical Marijuana uses in the Town of Chino Valley. (Mayor Marley; Vice-Mayor Croft)

Development Services Director Mayday presented the following topics:

Proposed Text Amendments

- 1) Cultivation facilities on-site (same site as dispensary) only.
- 2) Remove Cultivation and Infusion facilities from Conditional Uses in AR-36, AR-5 and AR-4 zoning districts.
- 3) Require Conditional Use Permit ("CUP") for Cultivation, infusion, and dispensaries in CL, CH, and I zoning districts.
 - 3a) Require CUP in I.
 - 3b) Require CUP in I and CH.
 - 3c) Require CUP in I, CH, and CL.
- 4) Require 500-foot separation between churches and medical marijuana ("MMJ") facilities.
- 5) Measure separation from property line to property line.
- 6) Exclude Public Right-of-Way from measurement of separation.
- 7) Limit size of cultivation facilities to 3,000 square feet/other specific size.

Considerations

- *CUP*: This was not a tool to keep uses out; if an applicant agreed to conditions, the Commission or Council could not deny a CUP.
- *Pros and cons of concentrating or separating uses*: Like uses in close proximity to each other were easier to monitor; concentration of uses could also minimize impact on the greater community; and separation requirements buffered incompatible uses from each other.
- *Rezoning*: Zoning/rezoning was not a right; compliance with the General Plan made it difficult to say "no."
- *Exclusionary Zoning*: The Town could not use zoning to exclude legal uses; conditional zoning marijuana could be construed as exclusionary.
- *Practical Effect*: The impact of certain amendments may be minimal.
- *Variances*: These may be granted by the Board of Adjustment.
- *Proposition 207*: Council needed to be cognizant of Prop 207 protected development rights.

MMJ Developable Land

A map depicted the developable Commercial and Industrial zoned land with the 500-foot separation buffer that would allow cultivation under the current regulations.

Protected Development Rights Plan ("PDRP")

Ms. Mayday provided an example of a PDRP.

Town Attorney Smiley advised Council that:

- Regulations generated by Arizona Department of Health Services that were required by the proposition and by statutes, were quite restrictive on MMJ cultivation and dispensaries.
- Council must decide whether additional restrictions were best for the Town. They may consider the comments of the public and also take into consideration the business community and current growers.
- The Town's regulations must meet a standard of reasonableness.
- CUPs may not give the Council the level of control that they believe they would have. By allowing MMJ as a use, subject to a CUP, Council would determine that the use was appropriate in a zoning district subject to conditions to mitigate negative effects. If the applicant met the requirements to obtain a CUP, the Council did not have discretion to deny. Additionally, after the CUP was granted, it would be difficult to revoke because it would become a grandfathered use.
- Proposition 207 only applied to the property that was subject to the regulation, not to adjoining properties.
- Council might increase separation requirements and impose requirements that were not in state law.
- In current regulations, the Town had separation requirements for dispensaries. Those could be expanded to include cultivation and infusion facilities. Since the separation requirements were included in the public notice, the Council might do that without readvertising and going back to Planning and Zoning Commission.
- If the Town imposed new restrictions, the current cultivation facilities will become legal non-conforming uses and might continue their operations without expansion. If they wanted to expand, a PDRP, approved by the Council, would be an effective tool.
- Proposition 207 gave a property owner the right to compensation from the Town if a new regulation was imposed or applied to the property owner's property and that imposition decreased the value of their property. After notice of an action from the property owner, the Town had 90 days to act by either paying the compensation, repealing the regulation, deciding not to apply the regulation to the property, or allowing the lawsuit to proceed.
- A PDRP was a tool to prevent a property owner from bringing a Proposition 207 claim

because it might allow for planned expansion and thereby prevent a claim of diminished value.

- The Town could not impose regulations for recreational marijuana because that was not a legal activity at this time. If the voters approve an initiative to allow recreational marijuana use, the Town will have time to impose new regulations to address it.

She also reviewed the options that Council could adopt without having to go back to the Planning and Zoning Commission.

Council and staff discussed the proposed text amendment options:

- Option 1: This may not be a valid option, as the state only allowed each dispensary one off-site grow facility.
- Option 2: This option was acceptable, and Council preferred to remove CUPs and related permitted uses.
- Option 3: No discussion.
- Option 3a: If Council restricted growers to Industrial zones only, there were only two areas for a new facility. New Industrial areas would have to be created by Council, which would most likely apply to CL and CH zoned land with appropriate transportation to serve it and Council's determination that it was good for the Town. Staff did not believe Council would not want any Industrial uses on SR 89.

Council recessed the meeting at 6:53 p.m. and reconvened it at 7:03 p.m.

- Options 3b and 3c: Council preferred Option 3a.
- Option 4: Council could restrict all MMJ facilities to the same distance requirements in the UDO as dispensaries, except that cultivation and infusion in AR districts required a 500-foot distance from any existing residential use. "Schools" did not include homeschools, or those licensed by the state agency that regulated care facilities for the developmentally disabled.
- Option 5: Council preferred using the setbacks for all MMJ facilities in lieu of this option.

Council and staff discussed currently existing MMJ facilities:

- Prop 207 gave property owners the right to compensation from the Town if the Town applied a new regulation to the property that specifically diminished the property's value.
- Once Council adopted amendments, the current MMJ uses will become legal non-conforming uses and could not expand the use or make it more intense. Staff proposed that the PDR Plan, as provided in statute, be used for existing and future MMJ uses.

Mayor Marley recapped Council's discussion:

- MMJ uses on Industrial zoned property only;
- No CUP required; and
- Existing uses that will become legal non-conforming will have the right to propose a PDR Plan to Council.

Mayor Marley recessed the meeting at 7:42 p.m. and reconvened it at 7:50 p.m.

- Option 6: No discussion.
- Option 7: As the UDO already included standards for lot coverage, Council did not believe there was any value to limiting square footage of structures.

Council also asked staff to provide information on any churches within 500 feet now of growing facilities.

3) Discussion regarding the Administrative Policy, "Communications Policy / Social Media Policy" for the Town of Chino Valley. (Cecilia Grittmann, Assistant Town Manager)

Ms. Grittmann reported that items or opinions discussed in various Council communications might be perceived to be a personal opinion, such as the Mayor's Reports. Such expressions on specific matters by more than three councilmembers could be a violation of the Open Meeting Law, as such items might come before the entire Council for a future discussion.

Staff needed Council's input related to their own communications:

- If Town platforms were where personal opinions were to be vetted, where should such opinion pieces should be allowed, and what Town resources should be committed to developing them?
- Should councilmembers, when speaking in formal interviews, provide a disclaimer that one councilmember does not speak for all?
- Should Council include a budget for each councilmember so that councilmembers are on equal footing for access to resources?

Council and staff discussed:

- Developing a budget for gatekeeper if councilmembers desired to have individual social media.
- Providing separate space on the website for each councilmember to post current projects, focus area comments, accomplishments, etc.
- How the Town's social media was managed.

Council generally approved of:

- Mayor Marley continuing his Mayor's Reports.
- Reports and factual communications, but not opinions.
- Including the disclaimer.

Council instructed staff to:

- Provide statistics on website use.
- Explore the possibility of a webpage for each councilmember.
- Tone down "legaleze" in the policy.

4) Discussion regarding use of USDA WIFA refinance savings/proceeds to fund Center Street sewer extension; and the Town's water and sewer extension, buy-in fee, and connection policies. (Mayor Marley)

Mayor Marley reviewed the items resolved at the prior meeting wherein this item was discussed.

Council asked staff to provide the Mollie Rae project costs and defer this item to the February study session.

5) ADJOURNMENT

MOVED by Councilmember Mike Best, seconded by Councilmember Jack Miller to adjourn the meeting at 8:20 p.m.

Vote: 6 - 0 PASSED - Unanimously

Executive sessions are not open to the public and no action may be taken in executive session.

- a) Consideration and possible action to approve Ordinance No. 16-811, amending the Unified Development Ordinance, Chapter 2 Definitions, Section 2.1 Meaning of Words and Terms; Chapter 3 Zoning Districts, Sections 3.5 Agricultural/Residential (36 Acre Minimum), 3.6 Agricultural/Residential (5 Acre Minimum), Section 3.7 Agricultural/Residential (4 Acre Minimum), 3.15 Commercial Light, 3.16 Commercial Heavy, 3.17 Industrial; and Chapter 4 General Regulations, Section 4.31 Medical Marijuana Dispensaries, Cultivation Sites, and Infusion Facilities. (Phyllis Smiley, Town Attorney)

Recommended Action: Approve Ordinance No. 16-811, amending the Unified Development Ordinance related to regulating medical marijuana facilities as stated in the ordinance.

James Gardner reported on:

- The process leading up to tonight's proposed action.
- The proposed text amendments revised after last week's study session:
 1. Remove cultivation and infusion facilities from conditional uses in AR-36, AR-5, and AR-4, disallowing those uses in these zones.
 2. Remove cultivation, infusion, and dispensaries from permitted uses in CL/CH, disallowing those uses in these zones.
 3. Allow cultivation, infusion, and dispensary facilities in Industrial (I) zoning district.

4. Require 500-foot separation between medical marijuana facilities and schools, parks, public buildings, community centers, drug and alcohol rehabilitation facilities, and any residential zoning district.

- Clarification that commercial greenhouse requirements applied to cultivation facilities only.
- Considerations related to conditional use permits; concentrating uses versus separating uses; zoning rights; exclusionary zoning; minimal impacts of certain amendments; variances; and Proposition 207, protected development right plans (PDRPs), and development agreements.
- Developable commercial and industrial zoned land with a 500-foot separation buffer currently and under the new ordinance.

Council asked for more details about the following:

- *Land and building requirements for MMJ operations:* Building height maximum was 35 feet; building size was unlimited, but there were lot coverage restrictions; and MMJ uses had a 500-foot setback from any residential zoning district.
- *PDRP and dispensaries:* The current dispensary was operating under a PDRP; future ones would not.

MOVED by Vice-Mayor Darryl Croft, seconded by Councilmember Mike Best to approve Ordinance No. 16-811, amending the Unified Development Ordinance related to regulating medical marijuana facilities as stated in the ordinance.

- d) Consideration and possible action to approve Ordinance No. 16-809, amending the Town Code, Title III Administration, Chapter 34 Municipal Court, Subchapter Municipal Court Fees, Sections 34.20 Authority to Set Fee Amounts, 34.21 Establishment of Funds and Allocation of Fees, and 34.22 Establishment of Court Fees. (Phyllis Smiley, Town Attorney)

Recommended Action: Approve Ordinance No. 16-809.

Staff Report Summary: Pursuant to Town Code Section 34.20(A), the Presiding Magistrate recommended several changes to the fees currently being charged by the Town and the adoption of new fees not currently provided for in the Town Code. The proposed fees were posted according to law.

Judge Catherine Kelley reported that:

- Nothing was being changed to anyone's detriment.
- The Town's warrant fees of \$27 were way out of line from other jurisdictions, as the actual processing costs were close to \$900.
- While most jurisdictions had a deferred prosecution fee and suspended sentence fee, the Town did not. Adding these will bring the Town in line with neighboring jurisdictions.

MOVED by Vice-Mayor Darryl Croft, seconded by Councilmember Jack Miller to approve Ordinance No. 16-809.

Vote: 7 - 0 PASSED - Unanimously

- e) Consideration and possible action to adopt Resolution 16-1075 to amend, update and revise the fees currently in use by the Chino Valley Municipal Court. (Catherine J. Kelley, Presiding Magistrate.)

Recommended Action: Adopt Resolution 16-1075 amending, updating and revising the fee schedule for the Chino Valley Municipal Court.

Staff Report Summary:

- Town Code Section 34.20 provided that court fees were to be set by the Presiding Magistrate of the Municipal Court and sent to Council for approval by resolution not more often than once every six months. Revisions were last made in 2009.
- In October 2015, Court staff reviewed the fee schedule and proposed to eliminate some fees, add several fees that would be helpful to both the Prosecution and the Court, reduce one fee, and raise several others, bringing Chino Valley's Court fees in line with other Yavapai County courts' fees.
- As amending, updating, and revising these fees was in the best interests of the residents of the Town, and brought the Town's fee schedules into closer alignment with surrounding jurisdictions, the Magistrate recommended approval of the Resolution.

MOVED by Vice-Mayor Darryl Croft, seconded by Councilmember Mike Best to adopt Resolution 16-1075 amending, updating and revising the fee schedule for the Chino Valley Municipal Court.

Vote: 7 - 0 PASSED - Unanimously

- f) Consideration and possible action to authorize the Mayor, on behalf of the Council, to sign a letter of protest to Governor Ducey and other state officials regarding budget cuts to the Joint Technical Education District (JTED) educational program. (Councilmember Best; Mayor Marley)

Recommended Action: Authorize the Mayor, on behalf of the Council, to sign the letter of protest.

Staff Report Summary: The governor's budget would reduce funding and change the funding structure to JTEDs and the Mayor desired that the Council authorize him to sign a letter to legislators protesting this change.

Councilmember Best reported that some senators and representatives had stepped up and complained to the governor for cutting this program. He believed Council needed to let Governor Ducey know that the kids were more important than some of his other programs. For instance, a couple of local students who recently completed the JTED's linesman program started with an \$80,000 salary.

Councilmember Cuka commended the JTED program, especially for families that could not afford college.

MOVED by Vice-Mayor Darryl Croft, seconded by Councilmember Mike Best to authorize the Mayor, on behalf of the Council, to sign the letter of protest.

Vote: 7 - 0 PASSED - Unanimously

(Phyllis Smiley, Town Attorney)

Recommended Action: (i) Approve Ordinance No. 16-810; and (ii) Approve the Organizational Chart as revised to separate the Director of Public Works and Town Engineer positions.

MOVED by Councilmember Lon Turner, seconded by Vice-Mayor Darryl Croft to table this.

RECOMMENDED ACTION:

- (i) Hold Public Hearing.
- (ii) Recommend approval for a person transfer and location transfer of a Series 6 Liquor License for Casa Chica.

SITUATION AND ANALYSIS:

Issue Statement

A.R.S. § 4-201 provides that a person desiring a new or amended liquor license shall apply with the State Liquor Board. Upon receipt of such application, the State forwards the application to the local governing body (Council), which is tasked with making a recommendation to the Board for granting or denying the license. A recommendation for disapproval requires a statement of the specific reasons containing a summary of the testimony or other evidence supporting the recommendation for disapproval. The attached Arizona Administrative Code, Rule R19-1-702 provides guidelines for determining whether to grant a license for a certain location.

Per A.R.S. § 4-203(C). A spirituous liquor license issued to a bar, a liquor store or a beer and wine bar shall be transferable as to any permitted location within the same county, provided such transfer meets the requirements of an original application. A spirituous liquor license may be transferred to a person qualified to be a licensee, provided such transfer is pursuant to either judicial decree, nonjudicial foreclosure of a legal or equitable lien, including security interests held by financial institutions pursuant to section 4-205.05, a sale of the license, a bona fide sale of the entire business and stock in trade, or such other bona fide transactions as may be provided for by rule. Any change in ownership of the business of a licensee, directly or indirectly, as defined by rule is deemed a transfer.

Applicable “Policy”

A.R.S. § 4-201 Licensing; application procedure in city, town or county; burden of proof

Satisfaction of “Policy”

Upon reviewing the material provided by the Department of Liquor Licenses and Control, and conducting a public hearing, the Council will meet the statute’s requirements by recommending that the state liquor board grant or deny the transfer.

Summary of Issues and Staff Rationale

Sonia Martinez has applied with the state for person transfer and location transfer of a Series 6 (Bar) Liquor License for Casa Chica. The License is being transferred from Guillermo Aldaco and the Wishing Well Tavern, located in Paulden, to Ms. Martinez and Casa Chica.

The bar (series 6) liquor license is a "quota" license available only through the Liquor License Lottery or for purchase on the open market. Once issued, *this liquor license is transferable from person to person and/or location to location within the same county and allows the holder both on- & off-sale retail privileges*. This license allows a bar retailer to sell and serve all types of spirituous liquors, primarily by individual portions, to be consumed on the premises and in the original container for consumption on or off the premises. A retailer with off-sale ("To Go") privileges may deliver spirituous liquor off of the licensed premises in connection with a retail sale. A.R.S. 4-206.01.F. states that after January 1, 2011, the off-sale privileges associated with a bar license shall be limited to no more than 30% of the total annual sales receipts of liquor by the licensee at that location. Payment must be made no later than the time of delivery. Off-sale ("To Go") package sales of spirituous liquor can be made on the bar premises as long as the area of off-sale operation does not utilize a separate entrance and exit from the ones provided for the bar. A hotel or motel with a Series 06 license may sell spirituous liquor in sealed containers in individual portions to its registered guests at any time by means of a minibar located in the guest rooms of registered guests. The registered guest must be at least twenty-one (21) years of age. Access to the minibar is by a key or magnetic card device and not furnished to a guest between the hours of 2:00 a.m. and 6:00 a.m. Internet sale of liquor is not permitted in the state of Arizona. Liquor must be delivered to an Arizona liquor-licensed wholesaler, then an Arizona liquor-licensed retailer prior to delivery to the consumer.

Findings of Fact

- The Police and Planning Departments reviewed the application and recommended approval with no comments.
- Staff posted the establishment with the necessary notices to meet the required 20-day period from January 12, 2016 through February 9, 2016.
- As of the date of this report, staff has not received any written arguments in favor of or in opposition to the application.

Department: Development Services
Item Type: Action Item - Presentation
Estimated length of staff presentation: 10 minutes
Physical location of item: 1448 S. Highway 89, Chino Valley, AZ 86323

AGENDA ITEM TITLE:

Consideration and possible action to rezone parcel 306-33-005D from Commercial Light (CL) to Commercial Heavy (CH), consisting of approximately 1.38 acres, located at 1448 S. State Route 89; Section 34, Township 16 North, Range 2 West of the Gila and Salt River Base and Meridian, Yavapai County, Arizona.

RECOMMENDED ACTION:

Adopt Ordinance number 15-808 rezoning approximately 1.38 acres of real property generally located at 1448 S. State Route 89, from Commercial Light (CL) to Commercial Heavy (CH) zoning district.

SITUATION AND ANALYSIS:

Issue Statement

The purpose of this request is to rezone subject parcel 306-33-005D, consisting of approximately 1.38 acres from Commercial Light (CL) to Commercial Heavy (CH) zoning district. Surrounding zoning include Agricultural/Residential (5 acre minimum) (AR-5) to the west, CL/AR5 to the south, and CL to the east and north.

The property is zoned Commercial Light (CL) and the applicant would like to rezone to Commercial Heavy (CH). Surrounding uses include a single-family residence directly to the south, vacant commercial property to the north, a single-family residence to the west, and State Route 89 to the east.

The applicant is interested in rezoning the property to CH for the purposes of manufacturing greenhouse parts, on-site sales of cargo containers, and administrative offices for subsidiary companies.

Applicable "Policy"

Chino Valley General Plan, 2014

Satisfaction of "Policy"

The proposed zoning is in conformance with the General Plan's recommendation for a commercial corridor along State Route 89.

Summary of Issues and Staff Rationale

History

On August 6, 1981, the property owner of parcel 306-33-005A, Vaudie Allmon was issued a building permit application for a 50' x 60' structure, which was to become the Napa Auto Parts store. The property was split from parcel 306-33-005A on December 17, 1993, which created the current subject parcel, 306-33-005D. On August 28, 2005 another 50' x 60' expansion was added, thereby increasing the square footage of the Napa building to 6000 square feet. The current building configuration is still 6000 square feet. Proposed improvements are within the building, including reconfiguration into office and light manufacturing spaces, and will include safety improvements as required by building code. Also proposed is a new 120' x 50' structure, which would double the existing square footage of building on site to a total of 12,000 square feet.

A neighborhood meeting was held on December 2, 2015, at Town Hall, 202 N. State Route 89. The applicant described the proposal and was available to answer questions from interested parties. The one citizen who attended the neighborhood meeting was concerned about the proposed rezoning. The concerns arose from rumors that medical marijuana infusion and dispensation would be conducted on-site. Both the applicant, who represents the property owner, as well as a representative from the tenant of the building, assured the neighbor that no medical marijuana would be stored, sold, processed, or infused on-site per the lease agreement, and Town staff assured the neighbor that any medical marijuana uses such as cultivation, infusion, or dispensation would not be allowed on-site due to the proximity to residential uses and zoning.

The Planning and Zoning Commission held a public hearing on January 5, 2016 and voted 6 to 0 to send the rezoning request to Town Council with a recommendation of approval.

General Plan Conformance

The proposed rezoning is in conformance with the 2014 Chino Valley General Plan's Future Land Use Map, which places the property in a commercial/mixed use corridor, part of the overall State Route 89 area (See Figure 1, below). The subject property is not located within a "Community Core" area indicated by the General Plan Land Use Element (See Figure 2, below.) The proposed rezoning is not expected to impact circulation and traffic, due to its limited scope as an employment center, and will not affect the other focus areas of the General Plan.

Planning and Zoning Commission Staff Brief

Date: February 9, 2016

Agenda Item: ZC 15-005

Location: 1448 S. State Route 89; Parcel #: 306-33-005D

Summary

The purpose of this request is to rezone subject parcel 306-33-005D, consisting of approximately 1.38 acres. The subject parcel is located in Section 34, Township 16 North, Range 2 West of the Gila and Salt River Base and Meridian, Yavapai County, Arizona. The property is located at approximately 1448 S. State Route 89, north of Road 3 South, on the west side of State Route 89. Surrounding uses include AR-5 to the west, CL/AR5 to the south, and CL to the east and north.

The property is zoned Commercial Light (CL) and the applicant would like to rezone to Commercial Heavy (CH). The applicant is interested in rezoning the property to CH for the purposes of manufacturing greenhouse parts, on-site sales of cargo containers, and administrative offices for subsidiary companies.

History

On August 6, 1981, the property owner of parcel 306-33-005A, Vaudie Allmon was issued a building permit application for a 50' x 60' structure, which was to become the Napa Auto Parts store. The property was split from parcel 306-33-005A on December 17, 1993, which created the current subject parcel, 306-33-005D. On August 28, 2005 another 50' x 60' expansion was added, thereby increasing the square footage of the Napa building to 6000 square feet. The current building configuration is still 6000 square feet. Proposed improvements are within the building, including reconfiguration into office and light manufacturing spaces, and will include safety improvements as required by building code. Also proposed is a new 120' x 50' structure, which would double the existing square footage of building on site to a total of 12,000 square feet.

A neighborhood meeting was held on December 2nd, 2015, at Town Hall, 202 N. State Route 89. The applicant described the proposal and was available to answer questions from interested parties. The one citizen who attended the neighborhood meeting was concerned about the proposed rezoning. The concerns arose from rumors that medical marijuana infusion and

dispensation would be conducted on-site. Both the applicant, who represents the property owner, as well as a representative from the tenant of the building, assured the neighbor that no medical marijuana would be stored, sold, processed, or infused on-site per the lease agreement, and Town staff assured the neighbor that any medical marijuana uses such as cultivation, infusion, or dispensation would not be allowed on-site due to the proximity to residential uses and zoning.

Planning and Zoning Commission held a public hearing on January 5, 2016 and voted 6-0 to forward the application to Town Council with approval.

General Plan Conformance

The proposed rezoning is in conformance with the 2014 Chino Valley General Plan's Future Land Use Map, which places the property in a commercial/mixed use corridor, part of the overall State Route 89 area (See Figure 1, below). The subject property is not located within a "Community Core" area indicated by the General Plan Land Use Element (See Figure 2, below.) The proposed rezoning is not expected to impact circulation and traffic, due to its limited scope as an employment center, and will not affect the other focus areas of the General Plan.

Findings of Fact

The purpose of the applicants request is to change the zoning of the parcel from Commercial Light (CL) to Commercial Heavy (CH). The request to rezone will not be materially detrimental to persons residing or working in the vicinity adjacent to the property, to the neighborhood, or to the public welfare. The request to rezone is in general conformance with the zoning classifications in the immediate area. Surrounding uses include AR-5 to the west, CL/AR5 to the south, and CL to the east and north. The nearest CH zoning to this parcel is approximately 393 feet to the north, which is Lantana Plaza, APN 306-33-005R.

Recommendation

This request will not have a detrimental effect on persons residing or working in the vicinity and is appropriate for the existing structure and surrounding properties, given the proximity to other Commercial Heavy (CH) and Commercial Light (CL) zoning.

Planning and Zoning Commission voted 6-0 to forward the application to Town Council with approval and staff recommends adopting attached Ordinance 15-808, thereby changing the zoning of the subject parcel.

AGENDA ITEM TITLE:

Consideration and possible action to approve a Protected Development Rights Plan (PDR Plan) for the property located at 2144 N. Road 1 East.

RECOMMENDED ACTION:

Because the PDR Plan as submitted meets the requirements set forth in ARS §9-1202 and will ensure the landowner(s)' right to develop the subject property as described in the plan for a period of five (5) years, staff recommends approval of the PDR Plan.

MOTION: I move that we approve PDR Plan 16-001 for the property located at 2144 N. Road 1 East, encompassing approximately 58.3 acres as described herein.

SITUATION AND ANALYSIS:

Issue Statement

On January 26, 2016, the Town Council approved Ordinance No. 16-811, amending the Unified Development Ordinance (UDO) to allow the cultivation of Medical Marijuana only in the I (Industrial) zoning district. Prior to the effective date of the amendments (February 26, 2016), medical marijuana cultivation is permitted in several other zoning districts, either by right or with a conditional use permit. There are owners of existing facilities in these zoning districts whose planned expansions will not be permitted when the amendments become effective. Through the approval of a Protected Development Rights Plan ("PDR Plan" or "Plan") owners of land currently zoned for cultivation of medical marijuana will preserve their right to expand.

Summary of Issues and Staff Rationale

ARS §9-1201 et seq. establish the Protected Development Right Plan (PDR Plan), specific requirements for the plans, and length of term of approval, among other things. The purpose of a PDR plan is to grant landowners the right to develop a specific property in the manner set forth in the plan, as long as the development occurs within a specific period of time. To establish this right, the plan must be approved by the legislative body (after meeting the requirements set forth in the statute).

The application of recent amendments to the UDO regarding Medical Marijuana cultivation facilities will change several existing or under construction medical marijuana cultivation facilities into legal, non-conforming uses that, among other things, cannot be expanded or intensified. In other words, upon the effective date of Ordinance 16-811, those with existing medical marijuana facilities will not be able to increase the size of the facility beyond its footprint on February 25, 2016. Landowners have made significant financial investments in these facilities; implementation and approval of the PDR Plan will preserve the right to expand these existing uses for a minimum of five (5) years for phased plans. Additionally, approving a PDR Plan for these properties will provide the owners/developers reasonable certainty, stability, and fairness in the development process and secure the reasonable investment backed expectations of the landowner.

The PDR Plan does not entitle the applicant to a building permit. The plan confers on the landowner the right to undertake and complete the development and use of the property under the terms and conditions of, and as shown on the PDR. An approved plan is valid for three (3) years for a non-phased development and five (5) years for a phased plan; the approval can be extended for an additional two (2) years at the discretion of the municipality; the rights afforded by approval are attached to and run with the land.

The applicant, Zoned Properties, Inc., acting on behalf of Chino Valley Properties, LLC and ABA Enterprises, LLC, submitted a complete application, project narrative, and PDR Plan on or about January 25, 2016. In addition to the medical marijuana cultivation facilities, the Plan proposes approximately 14 acres in hay cultivation, ten (10) in vineyards, ten (10) for residential uses, and about 17 acres for ground-based solar tracking facilities. The Plan encompasses approximately 53.8 acres. As each phase develops, more detailed site plans may be required.

Findings of Fact

Staff has reviewed the PDR Plan and finds that it meets the requirements as set forth in ARS §9-1202, including the identification of the proposed uses.

Staff finds that approval of the Plan that "granting a protected development right to undertake and complete the development shown on the plan will promote reasonable certainty, stability and fairness in the land use planning and regulatory process and secure the reasonable investment backed expectations of the landowner." (ARS §9-1202 (F)).

Staff finds that the plan as submitted constitutes a phased plan and should be approved for the period of five (5) years, as requested.

Ms. Ruth Mayday

Director Town of Chino Valley

Chino Valley, AZ 86323

Dear Ms. Mayday:

Zoned Properties, Inc. on behalf of ABA Enterprises, LLC and Chino Valley Properties, LLC ("Property Owners") is pleased to submit to you the attached Project Narrative and Phased Protected Development Right Plan ("PPDRP") in support of our request to the Town of Chino Valley ("Town") for a Five Year Phased Protected Development Right Plan.

We have reviewed the Town's Fee Schedule and understand that there is not an established fee for this type of application. Please let me know what the application fee for this proposal is, and I will be happy to send you a check.

It is my understanding that at the February 9, 2016 meeting of the Town Council, the Council Members may be discussing the proposed changes to the Chino Valley Unified Development Ordinance regarding Medical Marijuana ("MMJ"). As you know, over the past few months our development team has made presentations to the Planning & Zoning Commission and Town Council regarding the proposed changes to the Chino Valley MMJ zoning ordinance and, more specifically, how a PPDRP can be used to preserve the expansion rights of our existing MMJ businesses in Chino Valley. It might be appropriate to include our PPDRP on the Council's agenda for action at the meeting on the 9th. In our opinion, approval of the PPRDP by the Town Council "will promote reasonable certainty, stability and fairness in the land use planning and regulatory process and secure the reasonable investment backed expectations of the landowner." (A.R.S. §96 1202(F))

Thank you for your review of the enclosed materials. Please contact me at 602-628-7690 or Ralph Pew at 480-461-4670 if you have any questions or comments. We look forward to working collaboratively with the Town staff, Planning & Zoning Commission and Town Council to create development strategies, which will serve the interests of the Town and the Property Owners.

Sincerely,

Purpose of Request

Zoned Properties, Inc. on behalf of ABA Enterprises, LLC and Chino Valley Properties, LLC (“Property Owners”), is pleased to submit this project narrative to the Town of Chino Valley in support of an application for a Phased Protected Development Right Plan (“PPDRP”) on 58.30 acres. The PPDRP includes this project narrative and all exhibits described herein. The property, shown below in red, is known as Yavapai County parcels #306-14-008H, 306-14-008K and 306-14-008M (“the Property”). Legal descriptions for the three parcels are attached as **Exhibits A, B and C** of this narrative. The Property Owners are filing an application for PPDRP consistent with the enabling authority available to the Town in A.R.S §9-1201 et seq. Pursuant to Arizona Revised Statutes §9-1202(C), a more detailed site plan for each phase of the PPDRP will be submitted prior to the development of each phase.

Description of Proposal

As shown on the Phased Protected Development Right Plan, **Exhibit D** of this narrative, the Property Owners are proposing to develop the site in three different phases, identified on the PPDRP as Phases 1, 2 and 3.

The first phase includes the existing and planned expansion of a licensed medical marijuana cultivation facility. Additional uses for phase one include a hay farm, vineyard and a solar power array.

The second phase of development will include expansions of the hay farm and vineyard established in phase one, an additional solar power array, and a residential housing project.

The third and final phase of development will include another solar power array, an additional licensed medical marijuana cultivation facility and additional residential housing.

Every land use element of a previous phase of the PPDRP is not required to be completely built out before a new phase could begin.

As previously noted, a more detailed plan for each phase of the PPDRP will be submitted prior to the development of each phase for site plan approval by the Town.

Relationship to Surrounding Properties and Existing Zoning

The project site is on the east side of State Route 89, south of Road 3 ½ North and west of Road 1 East.

	Zoning Classification	Use
Project Site	CH and CL/AR-5	Agricultural/ Medical Marijuana Cultivation
North	Heavy Commercial and Agricultural/Residential	Landscape Supply/Vineyard
South	Light Commercial and Residential 1 du/ac	Vacant/Residential
East	Single Family Residential 2.5 du/ac	Road 1 East/Residential
West	Light Commercial	Frontage/ State Route 89

14300 N. Northsight Blvd #208
Scottsdale, AZ 85260

As demonstrated by the graphic above, the project site is bound by roadways on three sides, and mostly commercially zoned properties. There is residentially zoned property to the south and on the east side of Road 1 East.

Development Schedule

As shown on the PPDRP, this project will be developed in three phases. Per Arizona Revised Statute §9-1203(A), as a phased development, the development rights established with the approval of this PPDRP would be valid for five years. However, as outlined in A.R.S. §9-1203(B), the Town may extend the duration period for two additional years if a longer time period is warranted by “all relevant circumstances, including the size, type and phasing of the development on the property, the level of investment of the landowner, economic cycles and market conditions.” However, the protected development right shall not remain established for more than seven years.

Re: Support for Proposed Roundabout at Road 5 North and State Route 89

Dear Mr. Stump:

This letter is written to express the Town of Chino Valley's support for the proposed roundabout project at Road 5 North and State Route 89 in Chino Valley. Currently, the intersection at Road 5 North and State Route 89 is an offset intersection, which has presented some dangerous situations to motorists in the past. The construction of a roundabout at this location would benefit travelers on State Route 89, as well as local traffic. The location will also serve residents of Yavapai County in the greater Chino Valley area. The Town's support for this project is also on the basis of improved traffic flow at the subject intersection. Currently, a left turn from Road 5 North onto State Route 89 is challenging, and with adjacent zoning classifications of Multi-Family Residential (MR-1) and Commercial Light (CL), a roundabout improvement in this area would serve future growth for the foreseeable future.

If you have any questions or concerns, please contact Michael Lopez at 928-636-2646, ext. 1226.

Sincerely,

Michael Lopez
Acting Public Works Director/Town Engineer
