#### AGENDA ITEM TITLE:

Consideration and possible action to approve agreement between the Town of Chino Valley and the Friends of the Library, a 501 (c) 3 corporation, for construction and dedication of addition to the Town of Chino Valley Library, effective 5/24/2016.

#### RECOMMENDED ACTION:

Move to approve the Agreement for Construction and Dedication for an addition to the Town of Chino Valley Library between the Town of Chino Valley and the Friends of the Library, effective 5/24/2016.

#### SITUATION AND ANALYSIS:

The Friends of the Library, who provide volunteer and fund-raising efforts for the Chino Valley Public Library, are in need of additional space in which to continue to perform the work they do with their Amazon program in selling used books. Currently they are spread throughout the Library in cubbyholes and workstations. The ability to work together and be less disruptive to the Library patrons and staff is desired by the Friends, and they brought forth a solution to Town management.

The Friends propose to build on to the back of the Library facility, and Council conceptually approved their project at its meeting on 04/12/2016. The Friends will fund the construction project, with the exception of the utility relocations. The Public Works department will provide oversight of the construction project.

The Friends entered into a construction agreement with B's Contracting 3/4/16, but the agreement lacked some bonding, warranties and indemnity language that would protect the Town and the Friends, financially and legally, should the contractor not fulfill his obligations. The Town's attorney therefore requested a formal agreement between the Town and the Friends, requesting the bonding, the assurances, and the responsibilities of the parties.

The Friends and the the Contractor have produced and signed an addendum to their original contract that takes into account the assurances the Town and the Town's attorney requested.

AGREEMENT FOR  
CONSTRUCTION AND DEDICATION OF ADDITION TO THE  
TOWN OF CHINO VALLEY LIBRARY

This Agreement for Construction and Dedication of an Addition to the Town of Chino Valley Library (the "Agreement") is made and entered into this \_\_\_ day of \_\_\_\_\_, 2016 between the Town of Chino Valley ("Town"), an Arizona municipal property corporation, and the Friends of the Chino Valley Public Library ("Friends"), an Arizona non-profit corporation.

Recitals

1. The Town owns and operates the Town of Chino Valley Public Library ("Library") located at 1020 West Palomino Road, Chino Valley, Arizona 26323.
2. The Friends assist the Library in numerous ways, including hours of volunteer services and fundraising events and operations.
3. The space in the Library is no longer adequate for the events and operations of the Friends at the Library and the Friends would like an area of the Library reserved for its use to further their book sales that benefit the Library without disturbing Library patrons.
4. Friends is willing to cause the design and construction of an addition to the Library as described herein at no cost to Town and Town is willing to allow Friends to construct the proposed addition to the Library upon the terms and conditions set forth below in this Agreement.

NOW THEREFORE, in consideration of the mutual covenants hereinafter set forth, Town and Friends agree as follows:

1. Purpose. The purpose of this Agreement is to set forth the Parties' duties and responsibilities regarding the design and construction of the proposed addition to the Library and its subsequent acceptance by Town (the "Project").
2. The Project. The Project shall consist of the design and construction of an addition to the Library as described in Exhibit A to this Agreement which is attached hereto and incorporated herein by this reference.
3. Responsibilities of Friends. The Friends shall:

The work on the Project shall be performed in accordance with the best modern practice and with materials and workmanship of the highest quality.

3.2.2 A requirement that the Construction Contractor consult with the Town Engineer and provide the Town Engineer with the Plans and any other documents necessary for the Town Engineer to provide construction administration for the Project.

3.2.3 A requirement that Construction Contractor furnish to Town with the following bonds, which shall be binding upon the Construction Contractor:

3.2.3.1 A performance bond in an amount equal to the full amount of the Construction Contract between Friends and Construction Contractor conditioned upon the faithful performance of the Contract in accordance with Plans. Such bond shall be solely for the protection of the Town of Chino Valley.

3.2.3.2 A payment bond in an amount equal to the full Construction Contract amount solely for the protection of the claimants supplying labor or materials to the Construction Contractor or his subcontractors in the construction and completion of the Project.

3.2.3.3 Each such bond shall include a provision allowing the prevailing party in a suit on such bond to recover as a part of this judgment such reasonable attorney’s fees as may be fixed by a judge of the court.

3.2.3.4 Each such bond shall be executed by a surety company or companies holding a certificate of authority to transact surety business in the State of Arizona issued by the Director of the Department of Insurance pursuant to Title 20, Chapter 2, Article 1 of the Arizona Revised Statutes and any amendments thereto. The bonds shall be made payable and acceptable to Town. The bonds shall be written or countersigned by an authorized representative of the surety who is either a resident of the State of Arizona or whose principal office is maintained in Arizona, and the bonds shall have attached thereto a certified copy of the power of attorney of the signing official.

3.2.3.5 Submittal of the required bonds as set forth in this paragraph is a condition precedent to Construction Contractor beginning work on the Project.

3.2.4 Warranty. A requirement that Construction Contractor warrant to Town that all materials and equipment furnished under the Construction Contract will be new, and that all work will be of good quality, free from faults and defects; and to further guarantee all work and materials for a period of one year from the date of Town's acceptance of the Project. Should any portion of the work need replacement or repair within one year from the date of completion due to construction methods or material failure, Contractor shall replace such work at no cost to Town. If Construction Contractor fails within reasonable time to replace or repair any portion of the work deemed to be needed, Town may cause said work to be done and Construction Contractor shall pay all costs incurred therein. All work not conforming to the Plans, including substitutions not properly approved and authorized, may be considered defective. If required by Town, Construction Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment. The provisions of this paragraph shall survive termination or expiration of this Agreement.

3.2.5 A requirement that the Construction Contractor, its successors and assigns indemnify and hold harmless Town, its officers and employees from and against all liabilities, damages, losses and costs (including reasonable attorney fees and court costs) to the extent caused by the negligence, recklessness or intentional wrongful conduct of Construction Contractor or other persons employed or used by the Construction Contractor in the performance of the Construction Contract. #### AGENDA ITEM TITLE:

Consideration and possible action to adopt Ordinance No. 16-818 amending the Town Code Title XI Business Regulations, Chapter 114 Cable Television, Section 114.45 License Payments, Paragraph (A) to amend the percentage related to the license fee.

#### RECOMMENDED ACTION:

Adopt Ordinance No. 16-818 amending the Town Code Section 114.45 License Payments, Paragraph (A) to amend the percentage related to the license fee.

#### SITUATION AND ANALYSIS:

This year will be renewing our license with Cable One; it will be an incremental process throughout the year as we change the Town Code to comply with changes in legislation that now conflict with our Town Code. The change being adopted tonight through Ordinance 114.45 simply brings the Town code into agreement with what the Town has been receiving from Cable One for their license agreement to subscribers within the Town of Chino Valley. The Town Code currently states the Town is to 3% of revenues, when in fact we receive 5% of annual gross revenues from subscribers.

We will be renewing the entire License Agreement with Cable One by October, 2016. It will require a public hearing and an opportunity for input from the Council.

**NOW, THEREFORE, BE IT ORDAINED** by the Common Council of the Town of Chino Valley, Arizona, as follows:

The Town Code of Chino Valley, Arizona, Title 11 Business Regulations, Chapter 114 Cable Television, Section 114.45 License Payments is hereby amended to read as follows (additions shown in ALL CAPS; deletions shown in ~~strikeout~~):

**§ 114.45 License Payments.**

(A) Any person awarded a license under this chapter shall pay to the town each year during the life of the license, a license fee in the amount of FIVE PERCENT (~~35%~~) of its annual gross subscriber revenues derived from its operation of the licensed cable television system within the town. Should FCC rules be amended to allow the imposition of license fee charges upon gross revenues from auxiliary services, the town may then by ordinance immediately require grantee to pay a license fee of FIVE PERCENT (~~35%~~)~~percent~~ of its annual gross revenues rather than FIVE PERCENT (~~35%~~) of its annual gross subscriber revenues.

### AGENDA ITEM TITLE:

Consideration and possible action to approve Resolution No. 16-1087, accepting the dedication of right-of-way of certain real property located approximately at the intersection of Road 4 South and Peavine.

### RECOMMENDED ACTION:

Motion to approve Resolution No. 16-1087.

### SITUATION AND ANALYSIS:

#### Issue Statement

The dedication of this right-of-way by Cortez Enterprises was agreed upon pursuant to Section 6.02.04 of the Provisional Settlement Agreement in the lawsuit of Cortez v. Town. This resolution by the Town is for the purpose of accepting the dedication and will be noted on the map of dedication that will be recorded in the Yavapai County Recorder's office. While it is not the Town's usual practice to accept dedications by resolution, it was requested by Cortez and the Town sees no reason not to oblige. Staff therefore recommends approval of the resolution.

**Present:** Mayor Chris Marley; Vice-Mayor Darryl Croft; Councilmember Mike Best; Councilmember Susie Cuka; Councilmember Jack Miller; Councilmember Corey Mendoza; Councilmember Lon Turner

**Staff Present:** Town Manager Robert Smith; Finance Director Joe Duffy; Assistant Public Works Director/Town Engineer Michael Lopez; Utility Supervisor Chris Bartels; Wastewater Treatment Plant Operator Mike Bovee; Utilities Crew Leader Joe Grassi; Associate Planner James Gardner; Town Clerk Jami Lewis (recorder)

**1) CALL TO ORDER; ROLL CALL**

Mayor Marley called the meeting to order at 6:01 p.m.

Mayor Marley reported that staff requested that Council move item 3 to the top of the queue.

MOVED by Vice-Mayor Darryl Croft, seconded by Councilmember Mike Best to move item number 3 to number one.

**Vote:** 7 - 0 PASSED - Unanimously

**2) Presentation and discussion regarding the Revenue Manual, Preliminary Budget, and Capital Improvement Plan for fiscal year 2016/2017. (Joe Duffy, Finance Director)**

(This item was heard after item 3 but is retained here for clarity.)

Mr. Duffy presented the revenue manual, an instrument that helped staff increase the accuracy of budget projections by allowing them to identify the specific trends with each revenue account.

The Revenue Manual included:

- Summary of all revenues over the last five fiscal years (FYs).
- Projected revenues for the next five FYs.
- Assumptions that all revenues were projected to stay even or increase 3% each year unless other data was available.
- No grants, interfund transfers, or carry over amounts at this time.

Key points regarding revenues:

- General Fund (GF) revenues increased 3% this FY and were projected to increase 3.75% next budget year.
- In the GF, total sales tax increased 4%-5% increase.
- Construction had increased, but not as high as projected.
- The capital improvement fund was projected to increase 4% next year.
- City of Prescott payments for water transportation tax will end in FY 2020/2021.
- Sewer buy-in fees were less than projected and rate increase freezes were not included in the projections.
- Overall, revenues were showing slow, steady increases and staff was still projecting revenues conservatively.
- Projections will be updated during the budget process as new data became available.

Council had no questions or comments.

Mr. Duffy then presented the preliminary budget for FY 2016/2017 and reviewed:

- How to read the budget spreadsheets.
- Revenues, expenditures, reserves, contingencies, fund balance, and interfund loans.
- A summary of the general fund 10 year fund balance; highway user revenue fund (HURF); capital improvement fund (CIP); and water and sewer funds.
- Fund balances by fiscal year.

Key points regarding the major funds:

- *General fund*: Reserves were fully funded in FY 2014 and the fund was healthy.
- *HURF*: The fund had dropped dramatically since the recession and was severely underfunded. He recommended increasing the current \$50,000 transfer in from the CIP with an additional \$25,000. This was still not enough to get the needed roadwork done.
- *CIP*: This included roads impact fee projects, drainage projects, the EDA grant match, and transfers to general fund, water fund, and debt service.
- *Water fund*: The fund's cash flow was positive, but the general fund was carrying most of the fund's reserves. \$2 million was added to this fund for potential water system purchase(s).
- *Sewer fund*: This was the Town's first full year of operating the system. Staff had projected a \$70,000 loss; actual losses were \$77,000. Staff anticipated additional losses next year to get the plant to a proper operating level. As staff was putting cash away each year for asset repairs, he anticipated breaking even after this FY and being cash flow positive in FY 2018.

- 3) Presentation and discussion of proposed amendments to the Town of Chino Valley Consolidated Fee Schedule regarding Business License fees related to marijuana and liquor related businesses. (James Gardner, Associate Planner)

Mr. Gardner reviewed the preliminary proposed fee schedule amendments and how the fees were determined.

#### Medical marijuana uses

- *Proposal*: Establish fees for applications, business licenses, employee licenses, and inspections.
- *Purpose*: (i) Provide some cost recovery incurred by additional paperwork and tracking associated with such businesses; as well as address some disproportionate impacts placed upon the Town by these businesses, which require more significant oversight due to state

law; and (ii) Ensure that the businesses and employees were current with state regulations.

In response to Council questions, Mr. Gardner and Town Manager Smith reported that:

- The Town had the authority to require additional regulations over the state for health and safety matters and to reduce risk.
- The Town's inspections would not duplicate those done by the Fire District; they would relate primarily to buildings and public safety.
- On-site inspections would be for compliance related to alarms, buildings, exits/entrances, ADA standards, parking, landscaping and lighting; it will be up to Council to determine the frequency of some inspections.
- Staff believed MMJ business employees received only a one-time certification, but the Town would want to ensure that such employees were staying in compliance.
- As the Town had no impact fees and received no sales taxes from MMJ facilities, this might be the only structure available to the Town to offset the impacts of these businesses.
- The only other Town imposing similar fees was Show Low, which had similar metrics to the Town, and whose fees were comparable.

Council comments:

- Council should discuss this further with the town attorney.
- They desired to protect the community, but not over-regulate it.
- There was concern over one MMJ facility that would not allow police personnel on premises.
- Slow down on this until a problem actually arose.
- The fire district conducted annual inspections and did not charge a fee.

Council asked staff to:

- Provide a list of state regulations for MMJ establishments as compared to staff's proposal, referencing the specific provisions related to staff's proposals.
- Research Health Department regulations with regard to random drug or alcohol checks for MMJ employees.
- Provide more data and justification for the proposal.

#### Liquor establishments

- *Proposal:* Establish fees for inspections of bars, beer and wine stores, liquor stores, domestic farm wineries, and private clubs.
- *Purpose:* Provide some cost recovery incurred by additional paperwork and tracking associated with such businesses; as well as address some disproportionate impacts placed upon the Town by these businesses, which require more significant oversight due to state law.

Mr. Gardner and Town Clerk Lewis described how these new fees would interact with the recent amendments to the liquor license business license and liquor license application fees.

In response to Council's questions, Mr. Gardner reported that the liquor license inspection fee would be only for the first time the business applied with the Town or for a change to the license.

Council comment: The proposed fee penalized businesses that served alcohol. While MMJ businesses did not pay sales taxes, liquor establishments did.

Land use advertising fees

- *Proposal:* Eliminate the Town's advertising fee for rezones, subdivisions, planned area developments, and conditional use permits; and require that applicants do this themselves and provide the required affidavit to the Town.
- *Purpose:* Relieves staff of this responsibility.
- *Considerations:* (i) impetus on the applicant leads to possibly missed deadlines; (ii) applicants must pay prior to publication, while the Town was able to pay afterward; (iii) the newspaper tracked Town-paid ads, but not private ads; (iv) private ads cost considerably more.

Council comments:

- Giving the applicant this responsibility appeared to create more of a liability.
- The Town should help citizens with such complex processes, since it was mandated.

4) Presentation and discussion regarding Wastewater Treatment Facility evaluation. (Chris Bartels, Public Works Manager)

Public Works Director/Town Engineer Lopez introduced Mr. Bartels who would:

- Review the current status of the wastewater treatment facility ("Plant"), expenses to date, and projected expenses to get the Plant functioning at its most efficient.
- Review staff's research regarding septage removal and discussions with region entities regarding a county-wide regional facility.

Mr. Bartels presented:

- The Plant's construction, operations and maintenance history, and staff's comprehensive evaluation of the Plant since taking it over in April 2015.
- The Plant's technology.
- The Utility Division's objectives to obtain an operational understanding of the entire facility, identify issues, develop costs, project long term needs, and develop/implement revenue strategy.
- Current employee certifications and experience, and operational training resources.
- The Plant's flow schematic.
- Critical instrumentation and equipment's purpose, current status, replacement costs, average service life, and remaining service life.
- Instrumentation and equipment replaced to date and costs.
- Instrumentation and equipment to be replaced or refurbished and projected replacement schedule.

Mayor Marley recessed the meeting at 7:55 p.m. and reconvened it 8:00 p.m.

Council asked about warranties. Mr. Bartels stated that most such equipment generally had a one year manufacturer's warranty and warranty for motors had a little longer. Councilmember Turner noted that with commercial applications, maintenance levels greatly affected longevity.

Mr. Bartels then reviewed matters related to the liquid waste (septage) receiving program:

- *Current facilities:* There were 11 facilities receiving septage statewide at an average cost of \$0.15 per gallon.
- *Regional needs:* There was a need for another receiving location in the region, as Grey Wolf and Prescott's facilities were limited. As the Town's Plant was designed to accept septage, the Town had the ability to create this as a revenue stream.
- *Possible disadvantages:* Impacts to chemical and biological balance; damage to wastewater treatment equipment; decrease in equipment service life; and increase in operational costs.
- *Possible advantages:* Potential to offset costs of running the Plant and provide a resource for the regional need. Staff will provide projected revenues to Council.
- *Program needs:* Replace existing SMU filter, develop regulations and protocols, and develop training for staff and liquid waste haulers.
- *Staff recommendation:* Develop program; implement it on a small scale, such as liquid only users; assess program; develop and implement refined receiving protocols and procedures; implement full scale program; and constantly assess and monitor conditions.

Staff provided more details in response to Council's questions:

- *Mitigating damage:* Septage would be tested before being offloaded.
- *Equipment service life:* The potential for decreased service life was only if something, such as an illegal dump, got through the system. Staff will work to mitigate these issues.
- *Sludge disposal costs:* About \$40,000 per year.

Council comment: This was a big opportunity for the Town and if set up correctly, it would provide ongoing revenue.

**Item Type:** Action Item - Presentation  
**Estimated length of staff presentation:** 5 minutes  
**Physical location of item:** West Center Street, N 1/2 of S 28 T 16N R2W

### AGENDA ITEM TITLE:

Consideration and possible action to approve the first amendment to the Final Plat of the Mollie Rae Subdivision, located in the North 1/2 of Section 28, Township 16 North, Range 2 West.

### RECOMMENDED ACTION:

Staff recommends approval of the First Amendment of the Final Plat of the Mollie Rae Subdivision.

### SITUATION AND ANALYSIS:

#### Issue Statement

Extension of the Center Street Sewer will provide municipal wastewater services to the Mollie Rae Subdivision. Recent changes to sewer connection policy will require the connection of the existing dry lines to the new extension; however, the language in the plat does not coincide with the newly-adopted policies.

#### Summary of Issues and Staff Rationale

The Final Plat for the Mollie Rae subdivision was recorded on January of 2008, after approval by Town Council. Anticipating future extensions of municipal sanitary sewer systems, the developer installed dry sewer lines that could be connected to Chino Valley's system once it reached the subdivision. In addition, because adequate fire suppression was not available at the time, all houses constructed in the subdivision were required to have a fire sprinkler system installed.

The Town now has the ability to extend the wastewater lines from their current termination near SR 89 and Center Street, which triggers the connection requirement set forth in the Notes on the final plat. Recent changes in the sewer connection policy as adopted in Ordinance No. 16-815 conflict with the Notes, specifically in paragraph nine (9).

Since the approval of the Final Plat, the fire marshal has determined that the fire flows are adequate, negating the need for fire sprinklers in the homes in Mollie Rae, as long as they do not exceed 7,500 square feet under roof. The language in the Notes on the Final Plat need to be corrected to remove the sprinkler requirement.

**Findings of Fact**

- 1) Upon the adoption of Ordinance 16-815 by Town Council, the Town's mandatory sewer connection policy was amended
- 2) The changes in language are contrary to the requirements set forth in the Notes on the Final Plat
- 3) The Fire Marshal has determined that sprinklers are no longer necessary as adequate fire flows are available
- 4) Adopting the First Amendment to the Final Plat will correct the conflicts in language
