- He mentioned that long-time Yavapai law enforcement Officer Jody Macuch was killed in an off duty motorcycle accident and his thoughts were with his family.

3) CALL TO THE PUBLIC

Call to the Public is an opportunity for the public to address the Council on any issue within the jurisdiction of the Council that is not on the agenda. Public comment is encouraged. Individuals are limited to speak for three (3) minutes. The total time for Call to the Public may be up to 30 minutes per meeting. Council action taken as a result of public comment will be limited to directing staff to

study the matter, scheduling the matter for further consideration and decision at a later date, or responding to criticism.

4) CURRENT EVENT SUMMARIES AND REPORTS

This item is for information only. The Mayor, any Councilmember, or Town Manager may present a brief summary or report of current events. If listed below, there may also be a presentation on information requested by the Mayor and Council and questions may be answered. No action will be taken.

a) Status reports by Mayor and Council regarding current events.

- Vice Mayor Miller reported that the time capsule had been completed. The set of hand prints onsite was of a four-year-old girl and the daughter of a local fire fighter. A video of the event and pictures were shared at the meeting.

b) Status report by Town Manager Cecilia Grittmann regarding Town accomplishments, and current or upcoming projects

Manager Grittmann reported on the following:

- Read a letter from Police Chief Wynn regarding the Police Department’s fundraising events for a training facility at Old Home Manor (OHM) and for protective body armor plates. The Department had also received two generous donations from local businesses for ballistic helmets and face shields for the officers. The request for donations was not a reflection that the Town did not support the Police Department, and the department utilized many sources of funds to supplement their budget to help lessen the burden on taxpayers. Fundraising events and other funding sources were being used to maintain the Department’s shooting range and training facility.
- Acknowledged the Library volunteers, who donated over 6,000 hours annually.
- Yavapai Trails Association was working on the Peavine Trail in Town. They would be erecting kiosks that had historical information regarding the trail.
- Reviewed recent employee retirements and employee work anniversaries.
- Thanked APS, Habitat for Humanity, the Town and others for helping an ill person get back into their home after damage from a storm.

The Executive Session began at 6:25 p.m. and ended at 7:04 p.m., at which time the regular meeting was reconvened.

- a) Consideration and possible action to approve Ordinance 2020-885 amending the Chino Valley Town Code Title XV, Land Usage, Chapter 154, Unified Development Ordinance, adopting by reference the "September 2020 Amendments to the Chino Valley Town Code Chapter 154 (Unified Development Ordinance)," including amendments to the Subdivision Regulations. (Joshua Cook, Development Services Director)

Recommended Action: Approve Ordinance 2020-885 amending the Chino Valley Town Code Title XV, Land Usage, Chapter 154, Unified Development Ordinance, adopting by reference the "September 2020 Amendments to the Chino Valley Town Code Chapter 154 (Unified Development Ordinance)," including amendments to the Subdivision Regulations.

Joshua Cook, Development Services Director, presented the following:

- Staff began rewriting subdivision regulations in November and staff had held seven meetings, including two study sessions to review the draft language.
- Staff had not received any public comments on the draft language. The citizens present at the July 22nd Study Session had provided some comments, but nothing that changed the draft language.
- Staff had been working with the UDO Subcommittee and the Town Attorney to draft the final language.
- Staff had drafted a definition for "parent parcel" to accommodate the individuals that felt the Town had drawn a line. Staff was proposing a one time "parent parcel" reset with the changes to the code. That would mean that every single existing parcel that was legally split, would be considered a "parent parcel."
- The Planning Commission had brought up three main issues.
 - The first was a septic question. The language in the preliminary plat include language that required the developer to bring percolation tests results to the Public Works Director. Staff contacted the County and found that this should not be a requirement. The preliminary plat was a conceptual level drawing that should not require a developer to spend a lot of money. Staff was proposing that for the preliminary plat, the developer would need to state whether they would be using septic, sewer or an alternative method for waste management.
 - The second question was regarding the turning radius for cul-de-sacs. Staff had developed a number they thought was sufficient to allow for fire trucks and buses to turn in a cul-de-sac, but at the request of the P&Z Commission staff verified that number. Through the verification process, staff had increased the number from 41 feet to 48 feet to accommodate buses and fire trucks.
 - The last issue was two words that had been in the draft text that needed to be deleted. This had been done by staff.
- These were the only changes made to the text.

Staff and Council Members discussed the following:

- "Public Way" was stricken from the text and the word "easement" was defined in the definition of streets, which was included in the Town Code. A subdivision using an easement would be considered a private street. Staff reviewed the requirements for streets for various lot developments. Staff read the definition of streets for Councilmembers.
- A Councilmember wanted to change the subgrade requirement on page 46 to a subgrade of four inches and surface depth of two inches to have a total of six inches. Staff did not see that as a problem with the requested change, as that section applied to developments with two to three lots.

MOVED by Vice-Mayor Jack Miller, seconded by Councilmember Cloyce Kelly to approve Ordinance 2020-885 amending the Chino Valley Town Code Title XV, Land Usage, Chapter 154, Unified Development Ordinance, adopting by reference the "September 2020 Amendments to the Chino Valley Town Code Chapter 154 (Unified Development Ordinance)," including amendments to the Subdivision Regulations as discussed, making the modification to the subgrade and surface depth changes.

Recommended Action: Approve the Cooperative Purchasing Agreement with Motorola Solutions, Inc. for the purchase of 25 new Motorola APX 4000 VHF MHZ Model 2 Portable Radios in the amount of \$58,370.75.

Chuck Wynn, Police Chief presented the following:

- This had initially been budgeted over two budget years, but they had received a grant from the Attorney General's Office that allowed the department to purchase some needed radios. The radios would replace the handed down radios from the fire department, which were outdated.
- An incident with a local police officer unable to use his radio during a suspect chase was described and shared with Council.
- With the grant, the Department would be able to purchase all the radios in the current budget cycle.
- The radios were the newest technology and could be converted to digital in the future.

MOVED by Vice-Mayor Jack Miller, seconded by Councilmember Cloyce Kelly to approve the Cooperative Purchasing Agreement with Motorola Solutions, Inc. for the purchase of 25 new Motorola APX 4000 VHF MHZ Model 2 Portable Radios in the amount of \$58,370.75.
